180 CLOCK HOUR PROGRAM

THE REFRESHER COURSE

COURSE DESCRIPTION

This refresher Electrology 180 clock hour program is designed for students who already have training in the field of Electrology and are looking to take their skills to the next level. The theoretical portion for the Electrology course is taught using the world renowned Academie Dectro Electroepilation Online Course and is followed by 60 hours of advanced hands-on work taught on site at the California Electrology Academy in Corona, California.

At California Electrology Academy we believe in giving our students the most complete, state-of-the-art education encompassing the latest technologies and knowledge available in the field of Electrology today. We believe that exceptional up-to-date personalized instruction from qualified educators, modern equipment and learning tools and networking opportunities are what allow students to excel in our program and go on to become one of the top electrologists in the field.

- Designed for practicing Electrologists looking to further their skill and education.
- 120 hours theory and 60 hours practical.
- After the completion of the online theory, the in-person portion can be completed in as little as 2 weeks.

*Students must show proof of training in Electrology to be eligible for this 180-clock hour program. The 180 hour program is meant for practicing Electrologists in need of a refresher course and does NOT lead to licensure in the State of California.

REQUIREMENTS FOR PROGRAM COMPLETION

In order to be considered for graduation, students completing the 180-hour program must successfully complete the following:

- 1 Complete 180 or more clock hours.
- 2 Attain a minimum of 40 insertion hours.
- 3 Complete all written and practical exams.
- 4 Average a score of 75% or more in the course.
