COURSE DESCRIPTION

This certificate program for beginners consists of 400 clock hours of theoretical and practical instruction covering all practices constituting the art of electrology. This program is specifically designed for students coming from an unlicensed state and/or who will be practicing in one of the unlicensed states or country. The theoretical portion for the Electrology course is taught using the world renowned Academie Dectro Electroepilation Online Course and is followed by 150-hours of hands-on work taught on site at the California Electrology Academy in Corona, California.

At California Electrology Academy we believe in giving our students the most complete, state-of-the-art education encompassing the latest technologies and knowledge available in the field of Electrology today. We believe that exceptional up-to-date personalized instruction from qualified educators, modern equipment and learning tools and networking opportunities are what allow students to excel in our program and go on to become one of the top electrologists in the field.

- Perfect for students who reside in states or countries that have no licensing requirements.
- 250-hours theory online and 150-hours practical.
- Complete the program in as little as 5 weeks!

*The 400 hour program does NOT lead to licensure in the State of California. California students must enroll in the 600 hour program.

REQUIREMENTS FOR PROGRAM COMPLETION

In order to be considered for graduation, students completing the 400-hour program must successfully complete the following:

- 1 Complete 400 or more clock hours.
- 2 Attain a minimum of 90 insertion hours.
- 3 Complete all written and practical exams.
- 4 Average a score of 75% or more in the course.
